STATE CLEARINGHOUSE

NEWSLETTER

August 1 through 15, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **August 1 through 15, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Phillip Crimmins (for projects in Northern California)
Scott Morgan (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of August 1 through 15, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Friday, August 01, 2003</u>			
2003084001	Draft Environmental Assessment Demolition of Hawer Radio Relay Station U.S. Air Force Barstow--San Bernardino Demolition of the remaining abandoned structures of a Radio Relay Station Site, and scarification of soil after demolition.	EA	09/02/2003
2002012078	City of St. Helena Comprehensive Flood Protection Project St Helena, City of St. Helena--Napa The City of St. Helena seeks to develop and implement a plan that would reduce damage from Napa River flooding in a manner that would result in an overall improvement to the health of the ecosystem in the project reach.	EIR	09/15/2003
2002041023	Westlake Farms Co-Compositing Facility Kings County Kettleman--Kings The proposed project is a co-composting facility proposed by Westlake Farms on 1,000-acre site in Kings County.	EIR	09/15/2003
2002031064	El Toro Road Traffic and Landscape Improvements Project EIR Lake Forest, City of --Orange The proposed project is the El Toro Road Traffic and Landscape Improvement Project by the City of Lake Forest. The City is proposing to make circulation and landscaping improvements to El Toro Road. Three options are proposed and analyzed throughout the EIR. The goal of the improvements in each of the options is to reduce congestion and enhance the aesthetics along the El Toro Road Corridor.	FIN	
2003051019	South Branch Arroyo Conejo Debris Basin Modification Ventura County Thousand Oaks--Ventura The project includes the removal of debris and conversion of the existing debris basin into a detention basin. The modification basin would attenuate floodpeaks by detaining flows up to the 100-year discharges. This modification benefits existing development within the watershed by maintaining flow levels consistent with channel capacity downstream of the site.	FIN	
2003081002	Junipero Serra High School (South Campus) San Juan Capistrano, City of --Orange The proposed project involves the development of approximately 28.9 acres of vacant land owned by the Buchheim Company. The project is the construction and operation of the proposed Junipero Serra High School's supporting infrastructure.	NOP	09/02/2003
2003082005	Capitola Center Renovation and Expansion Capitola, City of Capitola--Santa Cruz The proposed project includes the following elements: A. Exterior remodel and renovation of the 87,871 square-foot multi-tenant building B. Construction of a 5,400 square-foot, office/retail building C. Completion and exterior remodel of the 9,340 square-foot, vacant building	NOP	09/02/2003

2002081009	Music Academy of the West Revised Conditional Use Permit Santa Barbara County --Santa Barbara The project involves a revised conditional use permit request for the Music Academy of the West's Master Plan involving physical and operational changes. These changes include, but would not be limited to a new increase of 65,230 sf. resulting from demolition, replacement, expansion, remodeling, and new structures.	EIR	09/02/2003
2002121003	Groundwater Management Plan for the San Benito County Part of the Hollister-Gilroy Groundwater Basin San Benito County Water District Hollister, San Juan Bautista--San Benito The proposed project is the adoption and implementation of a groundwater management plan that includes goals and objectives for short-term and long-term management of water resources in northern San Benito County within the Hollister-Gilroy Groundwater Basin.	EIR	09/17/2003
2003081007	2003 Draft Harbor Master Plan Port San Luis, City of --San Luis Obispo The 2003 Final Draft Port of San Luis Harbor District Port Master Plan (incorporated herin by reference and available for review at the Port San Luis Harbor District web site found at www.portsanluis.com) fulfills the requirement of the California Coastal Act and the State Tidelands Grant (Chapters 647 of Statutes of 1955 and as amended by Chapter 302 of Statutes of 1957) which require the preparation of a plan for the use and managment of Port facilities and resources. The last Port MasterPlan was prepared in 1984 and subsequently updated in 1994 to address a variety of issues, including the development of the Harbor Terrace site. The 2003 update responds to changing opportunities for the use and development of the Port's properties to meet the present and future needs of the boating and coastal visiting public. The final Draft Port Master Plan, dated June 10, 2003 provides an overview of the Port and its facilities, the challenge faced by the Port in serving the needs of the boating public, commercial fishing industry,	NOP	09/02/2003

	persons wishing to access the coast and establishes policies and implementation programs to meet these challenges. Among the planning challenges identified in the Final Draft Port Master Plan are: Fiscal considerations in meeting the Port's ongoing obligations to the public, meeting the needs of both coastal related and coastal dependent uses of Port land, waterways and facilities, environmental protection, coastal access, public services and safety.		
2003081008	Sunset Harbor Marina Boat Launch Parking and Dry Boat Storage Expansion Orange County Seal Beach--Orange The project involves expansion of this existing 4.16-acre area into an adjacent undeveloped portion of the property. 2.75 acres would be added to establish a single 6.91 acre boat launch parking area to accommodate a total of 290 trailer/vehicle parking spaces exclusively for users of the boat launch ramp. A separate, adjacent 7.64 acre area would also be established to be operated as a boat storage facility accommodating 399 dry stand boat spaces. A 100 foot buffer would be maintained between the developed areas and adjacent wetlands; several small, isolated wetlands areas would be consolidated into a single 0.62 acre wetlands area immediately adjacent to two former dredge disposal basins (now delineated as wetlands).	NOP	09/02/2003
2003081011	City of Monterey General Plan Update Monterey, City of Monterey--Monterey The City of Monterey proposes a new City General Plan to guide future development.	NOP	09/02/2003
2003081022	Selma Wal-Mart SuperCenter Selma, City of Selma--Fresno The project consists of construction of a retail commercial center, with a maximum of approximately 400,000 gross square feet of floor area, on approximately 40 acres. The project includes site preparation and construction of a Wal-Mart SuperCenter retail store encompassing approximately 225,000 square feet. The project also includes construction of an additional 175,000 square feet of retail commercial uses, separate from the Wal-Mart SuperCenter building(s).	NOP	09/02/2003
2003081023	2004 Long Range Development Plan University of California La Jolla--San Diego The 2004 UCSD Long Range Development Plan will propose general types of development and land use to support projected on campus population growth at UCSD and to enable expanded and new program initiatives through the 2020-21 academy year. 	District. The applicant proposes to alter the streambed of three unnamed drainages, tributaries to Lusardi Creek and Lusardi Creek, tributary to the San Dieguito River to accommodate the construction of the Gano Reservoir and Unit Pipelines.		
2001121083	City of San Diego (City), North City Water Reclamation System Project - State Revolving Fund Loan No. C-06-3905-110 San Diego, City of San Diego--San Diego The Black Mountain Ranch Reclaimed Storage Tank is a component of Phase I of the North City Water Reclamation System Project. It will serve the Black Mountain Ranch Developments and Olivenhaven Municipal Water District, as well as future customers in the City's northern service areas. The aboveground storage tank will hold 3 million gallons of reclaimed water in a circular steel tank. The tank will be 130 feet in diameter and 35 feet in height with a 14-foot wide paved perimeter access road.	NOD	
2002111101	Construction of Vista Del Verde-Bastanchury Road Water Pipelines - Job No. 0231 Yorba Linda Water District Yorba Linda--Orange Construction of approximately 3150 feet of 18" Zone 3 Transmission Main and construction of approximately 4350 feet of 36 inches Zone 4 Transmission Main within Bastanchury Road for the Vista Del Verde Village III residential development. Includes valves and underground piping and related equipment.	NOD	
2003051019	South Branch Arroyo Conejo Debris Basin Modification Ventura County Thousand Oaks--Ventura This project involves the modification of an existing debris basin to a detention basin. The modified basin would attenuate floodpeaks by detaining flows up to the 100-year discharges. This modification benefits existing development within the watershed by maintaining flow levels consistent with the channel capacity downstream of the site.	NOD	
2003061110	Ponderosa School Anaheim City School District Anaheim--Orange The entire proposed Ponderosa School development site consists of 15.1 acres. Of this total, 7.80 acres will be dedicated to the reconfigured park, 3.91 acres will be joint-use, and 3.41 acres will be dedicated to the new school campus. The Master Plan calls for new campus buildings to be located in the southeasterly portion of the expanded park. The campus will be arranged in a "L"-shaped structure with the school's main parking area located to the south of the campus, adjacent to Wilken Way. A second parking area for use by the park and community center will be located to the north of the campus, adjacent to Orangewood Avenue. This latter parking area may also be used as overflow parking for the school. These new campus buildings will have a total floor area of up to 113,000 square feet and house 48 teaching stations. The proposed community library will have a total floor area of up to 17,000 square feet.	NOD

2003011123	<p>Paso Robles General Plan Update El Paso de Robles, City of Paso Robles--San Luis Obispo</p> <p>The General Plan Update is a comprehensive update of all existing General Plan Elements. Part of this Update includes a revised General Plan Land Use Map and new or revised Land Use Categories. After adoption, there will be a series of action taken to implement the goals and policies of the General Plan, including but not limited to:</p> <p>Zoning Ordinance Amendments, Rezonings, Specific Plans, Subdivisions, Planned Developments, Site Plans, Conditional Use Permits, Revision of the Municipal Code, the City's Standards & Specifications, Infrastructure & Utility Master Plans; Development Impact Fees; and Establishment of a Mixed Use District, a Vine Street Historic Overlay District, a Salinas River Corridor Overlay District (and subsequent Corridor Plan), a Senior Housing Overlay District, a defined urban edge/limit line coupled with a surrounding open space are, a focus on infill, dispersal of affordable housing sites, and an unexpected planning impact area.</p>	EIR	09/22/2003
2003031083	<p>City of Fontana General Plan Update Fontana, City of Fontana--San Bernardino</p> <p>The proposed project is the update of the Fontana General Plan. The total Planning Area is approximately 33,428 acres, with 23,455 acres within City boundaries and 9,973 acres within the City's Sphere of Influence. The proposed project includes changes in land use designations and updates to the circulation system as well as the policies and programs within the City's General Plan. With implementation of the proposed General Plan, the following additional (i.e., future) development would occur with buildout: approximately 11,163 dwelling units, approximately 12,971,733 square feet of commercial, approximately 26,588,015 square feet of industrial, and approximately 888,624 square feet of public uses.</p>	EIR	09/22/2003
2001022080	<p>The Forest of Nisene Marks State Park General Plan Parks and Recreation, Department of --Santa Cruz</p> <p>The General Plan provides long-term goals, guidelines, and directions for the operation, development, management, interpretation and resource management, for this State Park.</p>	FIN	
2003082037	<p>Marin Municipal Water District Desalination Project Marin Municipal Water District San Rafael--Marin</p> <p>A seawater desalination plant is proposed that could ultimately supply up to 15 million gallons a day (mgd). The first phase will be 10 mgd with another 5 mg added later. The desalination plant would take "raw water" or "feed water" from San Rafael Bay and treat it to produce drinkable (potable) water. Treatment would involve a "pretreatment" phase to remove solids from the raw water, then desalination using reverse osmosis (RO) technology, followed by "post treatment" of desalted water to produce drinking water with taste and other characteristics comparable to that presently provided to the Marin Municipal Water District's customers. The RO process would produce "permeate" or "product water" for drinking, and saline "concentrate" or "brine" that would be discharged back into San Rafael Bay.</p>	NOP	09/05/2003

2003031024	Los Angeles Southwest College Master Plan Los Angeles Community College District --Los Angeles The objectives of the Master Plan are to increase educational resources, increase LASC's presence as a community resource, and foster a positive campus image. The Master Plan will be completed in two phases. Included in the Master Plan is the renovation of the four main buildings, expansion of the stadium, and the addition of eight new buildings (approximately 273,067 net gross square feet of enclosed building area) and an increase in parking from 1,306 spaces to 2,270 parking spaces.	EIR	09/22/2003
1999022069	Turn of the Century Specific Plan Woodland, City of Woodland--Yolo The proposed project is the offsite infrastructure needed to serve the Spring Lake Specific Plan. Improvements include detention basins, stormwater conveyance channels and pipelines, water lines, and sewer lines.	FIN	
2003081052	Amendment No. 2 to the Placentia Redevelopment Project Area Placentia, City of Placentia--Orange The proposed project is the amendment to the Redevelopment Plan for the Placentia Redevelopment Project Area in accordance with the standards of the California Community Redevelopment Law (CRL), Health and Safety Code Section 33000, et seq. This is the second amendment to the Redevelopment Plan (the "Amendment No. 2") and entails the addition of 7.7 acres of developed land to the existing Placentia Redevelopment Project Area which totals 275 acres. The existing Placentia Redevelopment Project Area was initially adopted in 1983 and subsequently amended for the first time in 1990. In addition, the proposed amendment will extend the eminent domain authority for an additional twelve years. The Placentia Redevelopment Agency (the "Agency") desires to continue to limit its eminent domain authority to all properties within the total proposed Project Area except properties designated in the General Plan or the Zoning Ordinance for residential uses or properties used for residential purposes.	NOP	09/08/2003
2003081053	Replacement of Ellis Avenue Pump Station Orange County Sanitation District Fountain Valley, Huntington Beach--Orange The project would abandon the existing Ellis Avenue Station located underneath the street at the intersection of Ellis Avenue and Bushard Street, construct a new pump station at one of two considered locations, and construct new associated diversion and sewer improvements both in the cities of Fountain Valley and Huntington Beach. 	multiple-family housing units, retail commercial buildings and the Foursquare Gospel Church.		
2003082048	Crocker Art Museum Expansion Project (PB03-014) Sacramento, City of Sacramento--Sacramento The primary objective of the project is to greatly expand available gallery space, but also would provide better visitor amenities, state of the art collection management areas and dedicated program space, including an auditorium, museum store, meeting rooms, art studios for community use, and allow consolidation of the museum collections in one place from storage areas that are currently scattered around the city. Total expansion is 100,000 square feet. The new facilities would be located adjacent to and would connect to the existing historic Crocker Art Museum building, which is listed on the National Register of Historic Places. Some of the interior areas of the existing historic Crocker Art Museum building, which is listed on the National Register of Historic Places. Some of the interior areas of the existing historic buildings will be cosmetically altered or improved. The proposed project will modify vehicle circulation via the abandonment of a portion of 2nd Street to the west and reconfigure existing parking lots via use of Cal Trans frontage along Interstate 5.	NOP	09/10/2003
2003082053	2004 Regional Transportation Plan (RTP) San Joaquin County Council of Governments --San Joaquin The RTP is a performance-based plan aimed at providing long-range transportation goals, objectives, policies, and strategies to improve transportation within the region. The RTP is intended to meet the changing socio-economic, transportation infrastructure, financial, technological and environmental conditions of the region. It identifies specific mobility goals and objectives along with performance indicators necessary to meet those goals and demonstrate air quality conformity under a financially constrained environment while providing flexibility to implementing agencies as they develop and refine their strategies. 2003082049	<p>Entertainment Facility Parking Structure Project Dry Creek Rancheria Band of Pomo Indians Healdsburg--Sonoma</p> <p>The proposed project consists of the construction of a multi-level, multi-pod parking structure and several ground level parking spaces that would serve patrons, service workers and administrative staff of the Casino and other governmental projects. The parking structure would be built on the previously disturbed envelop of the existing Casino and the adjacent Hillside Stabilization Project, which entails the installation of a series of soldier piles and tiebacks to remedy slope stability issues on the steep hillsides next to the Casino. The construction of the parking structure would require a minimal amount of grading for the installation of the building's foundation. It is anticipated that no off-Reservation disposal of graded material would be required as part of the Project. The parking structure would consist of three separate pods that would be connected via several short bridges. Pod A, the largest and easternmost pod, would consist of five levels of parking.</p>	Oth	09/11/2003

	side of the road. There are no curbs, gutters, or sidewalks on Peninsula Road.		
2003082061	Tentative Subdivision Map S-3-03 (King Subdivision)and Site Development Permit SDP-8-03 (King Apartment) Redding, City of Redding--Shasta The project sponsor, Tim King, is requesting site approval of Site Development Permit Application SDP-8-03 to construct a 224-unit apartment complex on 20.55 acres and Tentative Subdivision Map Application S-03-03 to subdivide 8.63 acres to create a total of 19 parcels to support mutiple family residential development. The two projects are being evaluated together for efficiency, since they are next to one another and have many common aspects. The apartment complex project would include construction of 28 two-story apartment buildings with eight units in each building, four units per level. There would be 144 two-bedroom units and 80 three-bedroom units. A community building and common recreation facilities are also proposed. The site plan includes a one-acre "outlot" area, which is proposed to accommodate a future day care center. The tentative map project would include construction on-site of streets, utility, and storm-drainage improvements necessary to serve the proposed lots. Typical lot sizes or developable areas range between 12,500 and 21,500 square feet. No building plans have been submitted or are required for the tentative map review. Future development on the resulting lots would be subject to the requirements of the "RM-15" zoning district.	Neg	09/12/2003
